## HALFSICK

Generally the expression is, "I don't feel half well," though sometimes people say, "I feel half sick." But there is no such thing as being half sick. The man who feels half sick is all sick. As a rule, the cause of the weak, tired, half sick feeling is disease of the stomach and results from loss of nutrition and consequently in physical weakness.

Doctor Fierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It restores strength by enabling the perfect digestion and assimilation of food. It makes half sick people all well.

"I suffered for four years with a pain in my stomach so that at times I couldn't work nor eat," writes Mr. Frank of Granite, Cliffton Co. "I wrote to you about my sickness and you sent me your medicine, which I did with good results. I ordered four bottles of your 'Golden Medical Discovery' and am entirely well again. I am entirely well and feel like a new man, and can highly recommend your medicine to any sufferer."

"Golden Medical Discovery" contains no alcohol and is entirely free from opium, cocaine and all other narcotics. It is strictly a temperance medicine.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach.

The "Common Sense Medical Adviser," one thousand and eight large pages, in paper covers, is sent free on receipt of twenty-one one-cent stamps, to persons of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Greek and Bulgar.

"The struggle for racial supremacy between the Slav and Hellene," says a writer from Macedonia, "a struggle as old as the hills, is here identified with and imbibed by the religious strife which rages between the followers of the Bulgarian exarch and those of the Greek patriarch—the schismatic and the orthodox parties. This animosity pervades and poisons all the relations of life, private no less than public. A Greek will on no account speak to or shake hands with a Bulgar. Nor will a Bulgar patronize a shop kept by a Greek. The antipathy between the two nationalities amounts almost to physical repugnance. It far exceeds any feeling of enmity that either of them may entertain toward the Turk, who has ground them both to the dust during five centuries of the most unmitigated oppression imaginable."

Then toward the end of the seventeenth century and through its successor came the reign of the bold and plain title page and the plain title has lasted until the present day.

Sunday.

In A. D. 313 the Emperor Constantine of Rome granted toleration to the Christians, and in 321 he gave imperial sanction to the observance of the first day of the week. The edict which introduced a new era in Sunday observance runs: "On the venerable day of the sun let the magistrate and people residing in cities rest and let all workshops be closed. In the country, however, persons engaged in the work of cultivation may freely and lawfully continue their pursuits, because it often happens that another day is not so suitable for grain sowing or for vine planting, lest by neglecting the proper moment for such operations the bounty of heaven should be lost."

How the Butterfly Is Protected.

The brilliant coloring on the wings of some kinds of butterflies is a bitter tasting pigment, which to a certain extent protects those species from being eaten by their foes. Frogs will try to eat sulphur butterflies, and, after tasting them, will promptly reject them.

The brilliant colors may be produced in order to advertise the nauseous taste as well as to aid the butterfly in attracting a mate of its own kind. We may be equally ignorant of the latent social powers of birds.

Why Many Young Men Fail.

It is the fault and the cause of the failure of so many bright, capable young men that, being put into a certain way of life, they make no effort to climb or even crawl out of it. They do not seek the work that is not routine and go beyond the terms of the bond in search of additional labor in order to attract the approving notice of their employers; they do not go to their posts before or remain at them after the fixed hour; they are content to do enough, and no more than enough, to earn their hire. The life of the average clerk is generally gentle, easy, cleanly. He need not soil his hands or his clothes, and his ambition is satisfied with these pleasant conditions.

Good State of Poetry.

For songs the use of poetry has for some time been abandoned and words, any sort of words, have been employed instead. With patriotic songs any suggestion of poetry is held to be fatal to success. It is probable that in another ten years some member of parliament will introduce a short bill making the production of any other sort of poem a criminal offense, and it is not impossible that the member of parliament will be a publisher.—Macmillan's Magazine.

James McCauley vs. C. L. Culbert—Petition for writ of mandate. Argued by W. H. Wills for petitioner, and C. P. Vicini for defendant. Matter submitted.

## NEW SUITS.

Katie Jane Thomas vs. John E. O'Neill—Suit to recover the sum of \$130 due on promissory note dated May 28, 1897, with interest at 8 per cent. The complaint says that on said 28th of May the said note was executed by defendant in favor of Ben White, and to secure the payment of same, executed a deed to lot 22 in block 3. This conveyance was intended as a mortgage to secure the payment of said promissory note. On February 28, 1903, Ben White assigned the note to plaintiff, together with the property mortgage. Wherefore judgment is asked for amount named and interest and for closure and sale of mortgaged premises. Caminetti and Boile, attorneys for plaintiff.

Sargent Gold Mining Co. vs. Julia E. Sargent, J. L. Sargent and others—The complaint sets out that on December 10, 1901, defendant Julia E. Sargent executed an agreement in writing to R. C. Rust, giving to said R. C. Rust an option to purchase the Sargent quartz mine in Jackson district, for the sum of \$30,000, in installments of \$50 per month up to December, 1904. On the last named date \$5000, and the balance, \$25,000, were paid Dec. 1, 1905. The agreement gave the plaintiff the second part the right to remove all machinery and buildings placed by the company on the property during the life of the agreement, upon the payment of the installments. On March 8, 1902, R. C. Rust assigned the agreement to W. R. Thomas, for the sum of \$5000, and on the same day said Thomas transferred the same to the Sargent Gold Mining Co. On the 27th of August, 1905 Julia E. Sargent and J. L. Sargent entered into a supplemental agreement with the plaintiff, including in the terms of the agreement the Hardenburg mill site, adjoining the Sargent mine, and that the terms of the first agreement should apply to the additional land. Pursuant to these agreements plaintiff expended the sum of \$17,000, and placed machinery and buildings on the property located at over \$2500. Failing to discover anything of value sufficient to encourage them to continue working, the company concluded to abandon the proposition. On or about May 5, 1903, the company attempted to remove the improvements placed upon the property, when the defendants prevented them from so doing. That by reason of this interference plaintiffs have been damaged to the extent of \$500. Therefore judgment is prayed for that the company be declared to have the right to remove said improvements from the property, and for the sum of \$500 damages and costs of suit. W. J. McGee, attorney.

## School Apportionment.

JACKSON, CAL., May 18, 1903.  
To boards of school trustees—Ladies and gentlemen: I report herewith the second apportionment of money to the library fund and to the county fund of the various school districts.

There will be one more apportionment of money for this school year to the state fund of each district. Although the next apportionment will be made in July the money will be available for the payment of teachers' salaries accruing during this present school year.

The amount reported to me by the county auditor, May 26, 1903, was \$897.80. To this I add the balance left from the December, 1902, apportionment, which is \$163.18, giving me a total of \$1060.98. Of this amount I have, this day, apportioned \$5,790.90, leaving a balance of \$340.14 unapportioned.

Part of this apportionment was made on the basis of teachers and part on the average daily attendance of children. All of the July apportionment will be made on the average daily attendance of the children attending school.

Note carefully, that you are to record the last two columns only—the headings of the columns indicate clearly.

Mrs. Olmstead and Mr. Hale, who came to attend the funeral of their sister, Mrs. Mitchell, returned to their respective homes this week, taking with them the five little ones left by their sister. Mr. Mitchell will remain in Volcano until his crops have been harvested. Mr. Canavan accompanied his sister, Mrs. Olmstead, to home in Sacramento.

Word was received to-day that Hillard Cottingham had died in Sutter and was to be brought here for interment. Mr. Cottingham was raised in this town, and well known to all the old settlers.

The engine from the old French mine was taken from its old station to Rancheria this week.

School will close on Friday. The children are very sorry to loose their present teacher, Mr. Clark, and are very anxious to have him teach the following term.

## VOLCANO.

VOLCANO, June 3.—On Monday at two o'clock Volcano was once more called upon to follow the form of a dear friend to the cemetery. Mrs. Marie Bonneau was brought from her late home in Amador to be buried here near her former home. Only eight short months ago Miss Marie Miller and Salem Bonneau were married, and Salem Bonneau were married, taking up their residence in Amador City, where his work was situated. Although Mrs. Bonneau has been in poor health for some time, the end was very sudden and unexpected. As Miss Miller she taught two terms of school here, and became well liked by the children, as was testified to by the flowers they brought for her grave which was one mass of blossoms. The services at the church were conducted by Rev. Beattie, and at the grave by the Native Daughters of Sutter Creek, of which Taylor she was a member. The bereaved relatives have the heartfelt sympathy of their many friends.

## IN MEMORIAM.

VOLCANO, CAL., May 26, 1903.

One of the largest and saddest funerals Volcano has witnessed in years, took place the 25th inst. The grim hand of death this time claiming one of California's faithful daughters, Minerva, the loved wife of George Mitchell of this place. Besides a husband five children survive her, a baby six weeks old, who will never know of a mother's love that is gone. Three brothers, Louis, Caspar and Sutter Creek, Johnny Canvin and Benjamin F. Canvin of Volcano, and two sisters, Mrs. Amanda Umstead of Sacramento, and Mrs. Bell Hale of Big Canyon, El Dorado county, have lost a kind and indulgent sister. A host of sorrowing friends followed the remains to the little cemetery, where a beautiful grave had been prepared by the Native Daughters of Conrad Parlor No. 101, and Rebekah Lodge No. 174, and Volcano Lodge I. ## SHENANDOAH VALLEY.

SHENANDOAH VALLEY, May 27.—The weather has moderated of late from the excessive heat of the earlier weeks of the month, and the crops show a decided gain. A rain, however, would still further improve matters, but the tiniest sprinkle appears to be the limit of nature's abilities in that line.

Mrs. S. H. Phillips and daughter, Mrs. R. M. Brown, with the latter's two little girls, are visiting Mrs. Phillips' brother, J. N. Sallee, in Tulare county.

Mrs. Mattie Watson and sister, Mrs. A. Crain jr., have gone to Copperopolis for visit with friends.

Mrs. F. Brumfield, with three of her children, left yesterday on their way to Missoula, with the intention of making their home there. Mr. Brumfield and son Ed will remain in California for a few months longer.

S. K. Davis returned home last Thursday, after a four weeks' absence spent in Bakersfield, Madera, and Sacramento.

Mrs. C. H. Currier returned recently from the capital city, where she had gone for medical treatment.

Miss Sabra Rickey has been visiting her parents in the valley since her school closed for the summer.

Mrs. C. C. Forbes spent some time in Sacramento recently, as the guest of her daughter, Mrs. J. D. Rhodes.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperceptible hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is not only an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars

Rev. Goo. W. Beattie of Pine Grove, will give his humorous and famous lecture on the subject, "Paddy at home," in Love's hall Thursday evening, June 11, under the auspices of the Jackson E. W. T. League of the M. E. Church. Large patronage is desired. Seats will be served after lecture, admission 25 cents; children 15 cents.

Mattox Datta, a pioneer resident of this country, died at his home in town on Monday, after a lingering illness, incident to extreme age. The funeral was held in Jackson on Wednesday, and was largely attended. Deceased was possessed of considerable property, which we understand he has disposed of by will.

At the annual meeting of Jackson Co. Company held last Monday officers were elected for the ensuing year as follows: President, R. C. Rust; vice president, C. Morella; secretary, W. F. Laverone; treasurer, M. Newman; chief, Garbarini; foreman, Jos. Garbarini; Wards, W. Tam, B. F. Taylor, J. D. Berry; collector, G. Laverone. It is decided to buy a hook and ladder truck at once.

An important change has been made connection with the conveyance of Wells Fargo express matter on the stage. Heretofore this has been carried by the regular passenger coach, with the messenger accompanying it. This arrangement, it has been argued, is an unnecessary danger to passengers in the event of hold-up. It therefore was discontinued, and express matter is now carried on baggage wagon with the other. The guard, E. C. Fisher, under new regulation, now rides with the gate tender. The move is certainly in the direction of safety for the traveling public.

In case of Jas McCauley, as justice he pleads, vs. C. L. Culbert, county attorney, was argued before the superior court on Tuesday, and submitted to court. This action involved the right of presentation of the people's cause to draw salary for services in criminal cases, under the law passed by last legislature. A case on all fours in this has never been passed upon the supreme court. The constitution prohibits an increase of compensation for any elective officer during his term of office. That the new law means increased compensation is evidenced by the anxiety of the officials to range themselves under its banner. An important point raised by the district attorney was that the law classified the county into townships according to population, providing a different salary each class. The constitution provides for the classification of counties the purpose of fixing the compensation of officials, and on the effect of classification of townships for this purpose. Hence it is claimed that a classification falls under the ban of special legislation affecting the fees of compensation of officials, which is expressly prohibited. The decision of the matter will be watched with interest.

## Union Elect New Officers.

W. D. Ould and Geo. Bonnefoy, president and vice president of Jackson miners' union, have resigned their offices. Thomas Joy and James Flaher have been selected in their stead. The newly elected officers of the union are practical miners, have interests in the community, and are conservative and fair-minded men. It is hoped that their influence will be directed toward the upbuilding of the county's welfare.

## Another Interesting Game.

## Suicide of F. Hoffman.

The Jewel Bourbon baseball team, with a host of admirers and "speleers," journeyed to Volcano town last Sunday to play a return game with the local nine. It was a hot day, but the hotter the day the hotter the contest.

The sport was interesting from start to finish, and it was anybody's game until the last man was out. At the end of the sixth inning the score was a tie, 6-6. The "quartz formation" made two more runs, and the "gravel workers" made one, making the final score 8-7 in favor of the former. Both nines are now at hard work practicing, and the next contest is looked forward with interest by lovers of the sport, and both sides will put forth their best efforts to win. The following is the score of last Sunday's game:

## Well Earned Recognition.

Mr. and Mrs. B. F. Taylor and son Walter left yesterday morning for an extended eastern trip of four month's duration. Before going east, however, they will spend a week or ten days in the Yosemite Valley and Big Trees, after which they will go to Reno, Nev., and spend a few days with their daughter, Mrs. Cox. From Reno they will journey toward the rising sun, visiting all the principal cities as far east as Maine. Mrs. Taylor's native state. The return trip will be by either one of the northern or southern routes, yet to be decided upon. Mr. Taylor is the son of the foreman of the Zeila mill for over twenty years, and has been constantly in the business, an energetic worker in the interests of his employers, who in recognition of his faithfulness in the performance of his duties, granted Mr. Taylor a four month's leave of absence, and in further appreciation of the esteem in which the employee was held by the employer, the Zeila Mining Co. presented Mr. Taylor on the eve of his departure, with a beautiful gold watch and chain, appropriately engraved, and bearing the best wishes and good will of the owners. Mr. Taylor is justly proud of his present, as the watch is handsome timepiece, and the chain, emblematic of the recipient's vocation, is made of small quartz heavily mounted with gold, exhibiting the best work of the watchmaker's art. The spirit of good will shown by the company was as much appreciated by Mr. Taylor as the gift itself, and only tends to strengthen the bonds that should exist between the employer and employee.

## County Game Warden.

Chez Ardito of Jackson was appointed county game warden by the board of supervisors at their last regular meeting by a unanimous vote. The appointment was made in compliance with petitions presented from each township in the county. The appointment is a commendable one, as Mr. Ardito is a true sportsman and is interested in the protection of the game and fish within our borders. He volunteered to serve without compensation, with only actual traveling expenses allowed. This is an important office, and is a well-known fact that unscrupulous men have been in the habit of "driving" the trout streams, while others make it a practice of shooting quails and doves during the nesting period. It is hoped that every good citizen in the county, whether or not he is a lover of hunting or fishing, will report to the warden all violations of the law that may come under their observation, in order that all guilty parties should be severely punished.

## Uniform Rank K. of P.

Jackson Company Uniform Rank Knights of Pythias was organized in Jackson last Friday evening. The company is composed of enthusiastic young men, members of Rathbone Lodge No. 166, K. of P. They have ordered uniforms, and will have frequent drills in order to perfect themselves in the work which is on military lines. Thirty-six have signed the roll, and the following officers have been elected: Captain, W. S. Williams; first lieutenant, A. B. Caminetti; second lieutenant, Dr. A. M. Galli; recorder, Geo. W. Brown; treasurer, Wilford Dennis. The organization of the uniform rank has created unusual interest in the subordinate lodges. Rathbone Lodge held a special meeting Tuesday evening, June 2, at which the degrees were conferred on four candidates, and initiation is expected at the regular meeting this Friday evening.

## Frank O'Connell Has More Trouble.

About two weeks ago Frank O'Connell, the first president of the Jackson miners' union, returned to Jackson after several months' absence, and was immediately arrested on complaint made by W. D. Ould, then president of the union, who alleged that O'Connell had embezzled the union's funds during his term of office. O'Connell gave cash bail, and was prepared to deny the charge. Subsequently the charge was dismissed, evidently from lack of evidence. O'Connell's mission here, it was stated, was for the purpose of employing men to work in a mine under his charge in Yuba county, and he left for that place as soon as his case was dismissed. He is to be brought back again on another charge.

E. Anderson of the Globe hotel, has sworn to a complaint against O'Connell of defrauding a hotel keeper. He was placed under arrest at Marysville, and W. D. Ould, late president of the miners' union, now a deputy constable, left yesterday morning for Marysville, and is expected to return with O'Connell this evening, where the trouble will be aired in the justice court at the county's expense.

W. D. Ould and Geo. Bonnefoy, president and vice president of Jackson miners' union, have resigned their offices. Thomas Joy and James Flaher have been selected in their stead. The newly elected officers of the union are practical miners, have interests in the community, and are conservative and fair-minded men. ## SUICIDE OF F. HOFFMAN

Sick and Despondent He Sends a Bullet Into His Brain.

in the sixth-fourth year of their age.

Frank Hoffman pursued his education in the schools of his native land until he had attained the age of nineteen years. In 1844, at the age of nineteen, he came to the United States, having but little money and little experience in the ways of the world. He was not familiar with the English language or the customs of the country, but he readily adapted himself to the latter and soon mastered the former. Locating in St. Louis, Missouri, he learned the butcher's trade, and in 1850 he crossed the plains, with mule teams, with a company of sixty-two families journeying westward with the hope of acquiring a fortune on the Pacific slope. His first experience in California was at Mud Springs, where he spent several months in mining and farming on the Mokelumne river. In June 1852, he embarked in the livery business in Jackson, and successfully conducted the business until 1855, when he sold out and retired from active business.

In 1852 Mr. Hoffman was married to Miss Christina Klamm, a native of Germany.

In 1859 Mr. Hoffman had purchased the forty acres of land upon which he resided—the tract adjoining the townsite of Jackson. Since then he has added to the property until he now has two hundred acres, the place being improved with large barns and a fine residence. He also acquired a number of other good dwellings, derived from his property investments, derived a good income. He also had various mining interests, and had met with creditable success in his business affairs during the greater part of his life.

The direct cause of Mr. Hoffman's rash act was undoubtedly the result of grief and loneliness on account of the death of his wife about two months ago. Mr. and Mrs. Hoffman were a devoted couple and the husband could not stand the loss of the loving wife who had been his helpmate and companion for so many years. He has no children but has several nephews and nieces living in Jackson.

The estate is estimated at over \$50,000.

J. Griesbach, a nephew of Mrs. Langford, came up from Sacramento Tuesday evening to attend the funeral of the late Frank Hoffman. He expects to remain in Jackson a few days.

Crop Outlook.

The farmers' prospects are much more encouraging than they were three weeks ago. The long dry spring caused everyone to believe that a very light hay and grain crop would be harvested. The grain notwithstanding the weather conditions, has taken matters into its own hands, and has grown and filled out in spite of all obstacles. In the vicinity of Jackson and Sutter Creek the hay yield will be lighter than the average of former years. Plymouth has a good crop; Shenandoah and Orlena are doing well above the average. Lodi Plains and Jackson valley will have a heavy crop, far above expectations. Iron valley has suffered the most on account of lack of rain. The fruit crop is expected to be short, but it is early yet, and if the fruit trees do as well as the grain under similar circumstances, the farmers will be well satisfied with the results. What will be lacking in quantity will undoubtedly be made up for in quality and price.

Suicide at the Hospital.

John Lobeau, formerly of Volcano, who has been an inmate of the county hospital for the past three weeks, committed suicide by cutting his throat with a razor last Monday morning. He lived but a few hours after inflicting the wound, and died despondent for several months, owing to old age and limited means, and had tried to take his life at different times before coming to the hospital. The razor which he used to take his life was taken from the walls of a man who

## NOTICE TO TAXPAYERS.

JACKSON, May 19, 1903.

I will be at my office at the Court House in Jackson, Cal., on Monday, May 22, 1903, for the purpose of collecting Poll Tax and receiving the assessment lists of the taxpayers of Amador County.

Persons, firms, companies, Corporations and Associations, are required to deliver at the Assessor's office, at the Court House, Jackson, Cal., on Monday, July 1, 1903, a statement, under oath, of all the property real and personal, owned or claimed by him, her or them, or in their possession or held in trust for them, at 12 o'clock meridian on the

First Monday of July, 1903.

In accordance with Section 3,629, Political Code. Every person who refuses or neglects to furnish the statement as provided in Section 3,629, Political Code, becomes liable to a fine of one hundred dollars and the value must not be reduced by the Board of Equalization.

All persons owning real estate that has been given or written name, or errors have appeared on their tax bills, should call on the Assessor's office or notify the Assessor by mail on or before July 1st, 1903, so that the proper corrections may be made on the assessment roll for the year 1903.

Assessment blanks may be obtained at the Assessor's office, Court House, Jackson.

POUL TAX NOTICE.

Notice is hereby given that the State Poll Tax of one dollar for the year 1903, is now due and payable at the Court House, Jackson or to a Deputy Assessor.

See 339 of the Political Code reads as follows:

Every male inhabitant of the State over twenty-one and under sixty years of age, except paupers, insane persons and Indians, shall pay a Poll Tax of two dollars, provided the same be paid within the time.

Then it shall be three dollars.

Section 3,629 of the Political Code makes it the duty of the Assessors to demand Poll Tax of every person liable therefor, and on the neglect or refusal of such person to pay, he must certainly be imprisoned for a fine of \$300 or imprisonment in the county jail, or both such fine and imprisonment.

Persons under twenty-one or over sixty years of age are exempt. Poll Tax must be paid on demand.
